COLORADO YOUTH FOR A CHANGE

About Colorado Youth for a Change

Colorado Youth for a Change addresses barriers to learning by providing individualized supports throughout pivotal stages of students' education journeys. In the past 20 years, CYC has come alongside 50,000 Colorado youth as they have overcome barriers impacting their education, mental health, well-being, and future opportunities. CYC is a recognized leader in educational support programs that provide evidence-based academic interventions, social-emotional and mental health support, and school reengagement services. In partnership with 20 Colorado school districts and more than 80 schools, CYC's core programs remove barriers to learning, build confidence, skills, and a sense of belonging, and connect young people to education and career opportunities beyond high school.
