

## Bring More Resources to Your School Community

Colorado Youth for a Change (CYC) is expanding its AmeriCorps programs to reach more students in more communities. Let us know if your school is interested in partnering during the 21-22 school year. AmeriCorps members are recruited from diverse communities and serve for an entire school year (full-time), receiving a modest living stipend and education award upon completion.

### **Colorado Reading Corps**      *Supporting PreK through third grade students*

- PreK: Increases Kindergarten readiness through individual, small group, and full classroom numeracy and literacy support
- K-3: Increases reading proficiency through daily one-on-one sessions (20 minutes per day)
- All interventions are evidence-based, delivered by a trained tutor, and monitored by a CYC Reading Coach

### **Math Corps**      *Supporting Middle School students*

- Builds Math skills and increases Algebra readiness through small group interventions (90 minutes per week per student)
- Interventions are evidence-based and align with state testing requirements

### **Corps for a Change**      *Supporting High School students*

- Increases school engagement and attendance
- Provides flexible support to students and families to reduce academic and non-academic barriers

### **Why AmeriCorps?**

AmeriCorps is the federal agency connecting individuals and organizations through service and volunteering to tackle the nation's most pressing challenges. CYC's partnership with AmeriCorps not only expands schools' capacity but provides the intensive supports required in effective educational intervention frameworks such as Multi-Tiered Systems of Support. AmeriCorps members produce significant contributions to schools with the people-power to implement effective academic and social emotional interventions that make a transformative difference in the lives of students.
