About Colorado Youth for a Change

Colorado Youth for a Change addresses barriers to learning by providing individualized supports throughout pivotal stages of students' education journeys. Together with stakeholders, partners, and over 30 Colorado school districts, we support children and youth from PreK through high school to maximize their learning and growth. For some young people, this means finding a new school fit alongside

a CYC advocate. For others, this means boosting math or reading skills through the support of a tutor. Regardless of their age or program, our students are building confidence, skills, and a sense of belonging.

Why Support CYC?

With an average monthly social media reach of over **7,000** and an industry leading average email open rate of **53.3%**, we ensure that supporters of CYC receive an impressive return on investment. Your support also fuels our programming, which serves more than **6,000** Colorado students a year.
