Serve with Colorado Youth for a Change!

In Colorado last year, 3 out of 5 third graders weren't reading on grade level, nearly 70% of eighth graders weren't proficient in math, and 10,000 high school students left school. Being proficient in reading and math, and finishing high school, are pivotal to students' success.

With your help, we can give kids more — more opportunities, more support and more confidence.

Placed in schools, members support:

- Preschoolers to make a strong start
- K-3 students to become better readers
- Middle school students to build foundational math skills
- OR high schoolers to graduate

Find your reason — become a Colorado Youth for a Change AmeriCorps Member!
